Timeline & Projects

JULY 2017 - November 2019

Through this time I have developed multiple website scrapper and data extractor service for multiple companies using **Python**. Like GumTree, BDJobs, Bikroy.com

BigRoof

2018

Developed app.bigroof.com & few others website from scratch. Automated Business workflow with zapier, indexedDB, electronjs, codeigniter, python

Interspeed Ltd.

JULY 2016 - September 2017

Worked on few large project and some small project as a full stack developer. My responsibility was developing website from scratch.

Expert Freelancer

January 2012 - NOVEMBER 2014

Worked with an international freelancer group as a WEB and Windows Software developer.

MIGME

2011 - 2014

Third party Desktop Application Developer. Developed 17+ MIGME tools for general user and global admins.

Personal Project

(2017)

Facebook BOT: Facebook Bot For Business.

(2016)

HaranoBiggopti: First Ever Lost & Found Store In Bangladesh.

(2015)

WoodboardFTP is one of the best FTP solution available on market. This is a windows based automatic ftp server management system developed using PHP & Visual Basic 6. Was alternative of PLEX server without its limitations. This is a smart system to provide ftp service.

(2012)

X-SPY : This is a windows based application. That can track any computer and it's activities and mail through any email service or share the screen with you. This is very popular among cyber cafes and some office to track employees activities and parental controls over Bangladesh.

STRENGTHS:

- Automate Task Whenever It's Possible
- Flexibility and Adaptability
- Creativity

EDUCATION QUALIFICATION:

Title	Concentration/Major	Institute	Result	Pas.Year
B.Sc	CSE	South East Univercity	---	2021
Diploma	CSE	Ahsanullah Institute of Technical and Vocational Education And Training	CGPA: 3.19 (out of 4)	2017

SSC	Science	Mitali Bidhya Pith High School	CGPA: 3.00	2012
